

Arrowhead - Rice Cutgrass Marsh (HRC and HBA)

The Arrowhead - Rice Cutgrass Marsh map class represents the Arrowhead - Rice Cutgrass Marsh plant community (CEGL005240). Stands are found in backwaters of the Mississippi River near the Sny Magill Unit and in the Yellow River bottomlands of the Yellow River Unit in close proximity to the confluence with the Mississippi River. This map class is split into two map class phases (rice cutgrass and arrowhead phases).
